General Format Purdue Writing Lab

Summary: APA (American Psychological Association) style is most commonly used to cite sources within the social sciences. This resource, revised according to the 6th edition, second printing of the APA manual, offers examples for the general format of APA research papers, in-text citations, endnotes/footnotes, and the reference page. For more information, please consult the Publication Manual.

How To Cite Anything In APA Format EasyBib

APA stands for the American Psychological Association. You'll most likely use APA format if your paper is on a scientific topic. Many behavioral and social sciences use APA's standards and guidelines.

FREE APA Citation Generator Amp Format Cite This For Me

What is the APA Citation Style? The APA citation style (6th Edition) is a parenthetical author-date style, so you need to put the author's last name and the publishing date into parentheses wherever another source is used in the narrative. The APA format consists of in-text citations and a reference list, along with guidelines for formatting the paper itself.
