

Apple Cider Vinegar And Diet

How to prepare apple cider vinegar in your diet?

The step in preparing the apple cider vinegar diet is very simple.

Just mix 1-2 tablespoons of apple cider vinegar into chamomile tea or glass of water.

You may add honey if you want to or cinnamon powder to get the full benefits of losing weight as it can also help you reduce cholesterol.

You can drink the mixture of apple cider vinegar twice a day and should be taken at least half an hour before meal.

If you would like to see the immediate result of losing weight, regular exercise of at least 3-4 times a week is most recommended.

Please also remember to drink plenty of water to aid flushing out the toxins out of your body system.
